FileScanner.RecountLibraryFiles

YTMusicUploader.MainForm.  
SetDiscoveredFilesLabel

```
graph LR; A[YTMusicUploader.Business.FileUploader.Process] --> D[YTMusicUploader.MainForm.SetDiscoveredFilesLabel]; B[YTMusicUploader.Business.FileScanner.Process] --> D; C[YTMusicUploader.Business.FileScanner.RecountLibraryFiles] --> D;
```

The diagram illustrates three separate business processes on the left, each with a blue arrow pointing to a single method on the right. The processes are: 'YTMusicUploader.Business.FileUploader.Process', 'YTMusicUploader.Business.FileScanner.Process', and 'YTMusicUploader.Business.FileScanner.RecountLibraryFiles'. The method being called is 'YTMusicUploader.MainForm.SetDiscoveredFilesLabel'. The method box is shaded gray, while the process boxes are white with black borders.
